## ***Archpastoral Nativity Message of His Beatitude, Metropolitan Tikhon***

### **Christ is born! Glorify Him!**

To the Honorable Clergy, Venerable Monastics, and Pious Faithful of the Orthodox Church in America,

My beloved Brethren and Blessed Children in the Lord,

As we come to the end of the civil year, we reflect back on a period in which tragedy, acts of terrorism, shootings in public spaces, political confusion, and sexual misconduct allegations dominate the news. The darkness which enshrouds the world adds to the burden of our personal and family struggles: addictions, estrangement, divorce and all manner of conflict wrought by human passions. We might be tempted to wonder how love could have so definitively fled from the hearts of human beings.

The feast of the Nativity in the Flesh of our Lord, God and Savior Jesus Christ is a reminder to all of us that “heaven and earth today make glad prophetically” and angels and men “keep spiritual feast for God, born of a woman, has appeared in the flesh to those that sit in darkness and shadow.” The light that we receive today is not merely a physical light that pierces the gloom which surrounds us, but rather a transfiguring light that both reveals God's love for us and inspires us to grow in our love for God.

There is no philosophy or ideology that can overcome the irrationality of the world. It is only the transfiguring light of Christ – His divine and sacrificial love – that can accomplish this. It is only through love that we can, with the animals and the manger, “accept Him who by His Word has loosed us dwellers on earth from acts that are against reason.” When we despair at the tragedies in the world and in our lives, let us remember that it is precisely in the midst of such darkness that the Word of God chose to be incarnate.

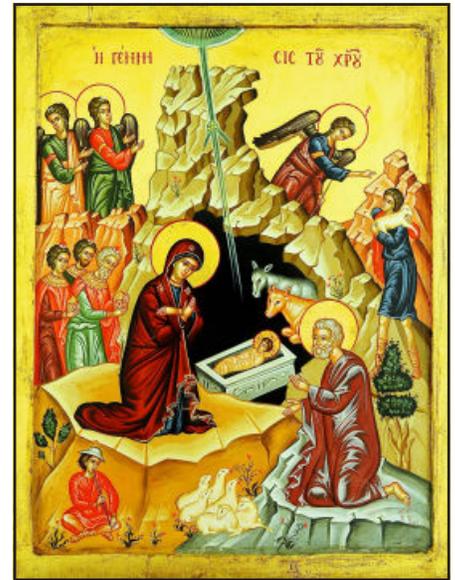

Archimandrite Zacharias suggests that “when we are confronted by the ruins of human love and find ourselves completely broken, then two solutions can be given: either we turn to God with our pain, so that God enters our life and renews us, or we continue to be deceived by our human plans and slide from one tragedy and barrenness of soul to another, hoping that one day we will find perfection.”

The world longs for authentic love but seems to remain mired in the global tragedies that we witness every day. In our horizontal and human relations with one another, what is missing is God Himself, a third and divine-human Person to purify and heal our imperfect and broken relationships. Whether it be husband and wife, brother and sister, or larger communities, true love and abiding peace can only be found through our communion with God.

In our Orthodox context, this takes place through the Divine Liturgy and through our efforts to nurture the sacrificial love of God in our own hearts.

“Paradise begins on earth through love for God and love for our fellows. In this

lies the entire wealth of eternal life, for man has been created to give eternal glory to God. His delight is to return this glory to His image, man, who then returns greater glory to his Creator."

Today's feast is a reminder that it is through this cycle of glorification and love between God and man that we find our true fulfillment. May the new-born Christ grant us the courage to keep His love in our hearts, to connect with our fellows through prayer, sacrifice, and humility, and to remember that, no matter the degree of our own brokenness or the brokenness of the world, Christ has come to give us hope for renewal, "for what He was, He has remained, true God: and what He was not, He has taken upon Himself, becoming man through love for mankind."

With love in the New-Born Christ,

**+ Tikhon**

Archbishop of Washington

Metropolitan of All America and Canada

***Metropolitan Tikhon, OCA delegation participate in Moscow celebrations marking 100th Anniversary of St. Tikhon's Enthronement***

**SYOSSET, NY** – During the first week of December 2017, His Beatitude, Metropolitan Tikhon and a delegation representing the Orthodox Church in America traveled to Moscow to participate in celebrations marking the 100th Anniversary of the Election and Enthronement of Saint Tikhon as Patriarch of Moscow and the Restoration of the Patriarchate.

His Holiness, Patriarch Kirill had extended invitations to the Primates of the Local Orthodox Churches to participate in the celebrations and services marking the historic occasion. Thirteen of the 15 Local Churches were represented.

Metropolitan Tikhon and the OCA delegation, which included His Grace, Bishop Daniel of Santa Rosa; Archpriest Daniel Andrejuk; Melanie Ringa, OCA Treasurer; Archdeacon Joseph Matusiak; and Subdeacon Roman Ostash, arrived in Moscow on Friday, December 1.

The following afternoon, Metropolitan Tikhon and delegation members attended a session of the Bishops' Council of the Russian Orthodox Church at Moscow's Christ the Savior Cathedral, during which each of the Primates and representatives of the Local Orthodox Churches addressed the assembly.

On Sunday, December 3, Metropolitan Tikhon presided at the Divine Liturgy at the Valaam Monastery Representation Church in Moscow, at which Bishop Daniel and the clergy members of the OCA delegation served.

The highlight of the visit was the celebration of the Divine Liturgy at Christ the Savior Cathedral on Monday, December 4. His Beatitude, Theodoros II, Pope and Patriarch of Alexandria and All Africa, presided as senior hierarch, while the Primates and their representatives concelebrated. The relics of Saint Tikhon had been brought to the cathedral for the Liturgy. In the evening, Metropolitan Tikhon and the other Primates attended an anniversary concert in the State Kremlin Palace and a dinner hosted by Russian President Vladimir Putin.

at area monasteries and had the rare opportunity to visit the room in which Saint Tikhon fell asleep in the Lord in 1925.

In the afternoon, Metropolitan Tikhon and the delegation met with Patriarch Kirill at the Patriarchal Residence in the Danilov Monastery.

"It is world Orthodoxy that, in large part, is represented here in Moscow this week, and I congratulate Your Holiness on your initiative in gathering representations from thirteen of the Local Orthodox Churches in a spirit of unity and brotherhood," Metropolitan Tikhon said in greeting the Patriarch. "This spirit was tangibly felt in our common celebration of the Divine Liturgy on the Feast of the Entrance of the Mother of God and in the many opportunities for dialogue and conversation amongst the brothers.

"The Orthodox Church in America takes particular joy in sharing in this celebration because of the veneration that our bishops, clergy, monastics, and faithful have for the person and holiness of Saint Tikhon, who so nobly and humbly assumed the heavy yoke of the restored Patriarchal throne," Metropolitan Tikhon added.

Metropolitan Tikhon presented a hand-painted icon of Saint Tikhon to Patriarch Kirill. The unique icon depicts Saint Tikhon with the Kremlin's Dormition Cathedral, in which he was enthroned in 1917, and Saint Tikhon's Monastery, South Canaan, PA, which he founded while serving as Bishop and later Archbishop of North America from 1898 until 1907.

In the evening, Metropolitan Tikhon presided at the celebration of the Vigil for the patronal feast of the OCA's Representation Church of Saint Catherine in Moscow.

On Thursday, December 7, the feast of Saint Catherine, Metropolitan Tikhon, Bishop Daniel and the delegation celebrated the Divine Liturgy at Saint Catherine Church with
